

Orange County Paralegal Association – May 2019

In April, Orange County Paralegal Association volunteers helped assemble more than 300 gift baskets at the nonprofit organization Miracles for Kids in Tustin, CA. The Miracles for Kids program helps families fighting for the lives of their critically-ill children with food, clothing, shelter, so that the families can focus on the care of their child's needs. Each person was assigned a station from filling bags with food and household essentials, to stuffing baskets with candy, wrapping up the filled baskets and tying the family name tag with colorful bows. It took approximately three hours to assemble all the baskets, which were delivered that day to families in need across Orange County.
